Cost of Attendance (COA) Adjustment

Request for Cost of Attendance (Budget) Re-evaluation

Student Name: ______ Student ID#: _____

The estimated cost of attendance (budget) used to determine your financial aid eligibility includes tuition and mandatory fees based on enrollment as well as average amounts for expenses such as housing and food, books, transportation, miscellaneous expenses, supplies, materials, equipment, etc. You can review these current amounts on your Financial Aid Portal located on your myRider portal.

If some of your actual school-related expenses are more than the budgeted amount you may be eligible for a budget increase. These are considered on a case-by-case basis, subject to federal and university policy. If approved, budget increases are typically funded with *additional loans* (federal or private).

ONLY the items listed below can be considered for budget increases. Complete this worksheet and submit pages 1 and 2 with all supporting documents as indicated on page 3 for specific items you are appealing. Only those expenses that you are actually paying can be appealed (e.g. you cannot request an increase in housing costs if you are not paying the rent).

If you have any questions while completing this document please contact the One Stop Office via email at verification@rider.edu.
